Nexans ref.: N890.021

- LANmark-OF accessories for splicing
- Fusion splice heat shrink protector (100 pieces per bag)
- Length: 45mm

DESCRIPTION

LANmark OF-accessories to complete the splicing system with heat shrink protectors

100 pieces per bag

Length: 45mm

Compatible with tight buffer or loose tube cables, i.e. 250 and 900 um coated fibres.

Compatible with tight buffer and maxistrip pigtails

Designed for LANmark-OF Splice Cassette Heat Shrink Protectors (N890.090 and N890.095)

The heat shrink splice protector consists of a metal rod surrounded by a shrinkable plastic.

The splice is inserted into the shrinkable plastic. After heating the plastic is well fixed around the splice and the metal wire provides strength so that the splice is well protected.

LANmark-OF
